

XR-100 AUTOMOBILE AIR FILTRATION SYSTEM

The XR-100 removes dust, fumes, odors and gases that come from the road, other vehicles and the surrounding environment.

Mounted safely behind the seat the XR-100 takes up no passenger space and its handsome design looks great in any automobile.

Runs off your car's own power

Conveniently plugs into your vehicle's cigarette lighter so the power is there when you need it.

Three-Stage Filtration

Stage 1: Activated Carbon
Captures large particulates and odors

Stage 2: Electret charged media
Captures sub-micron particles such as dust, pollen, cigarette smoke, bacteria and more.

Stage 3: Zeolite V.O.C. filter
Removes gases, fumes and odors.

Easy to maintain

All that's needed is periodic filter changes.

Aromatherapy Packets

Enjoy aromatherapy with optional aromatherapy packets.
Available in 5 essences.

Odortec™ Packets

Destroy cigarette and other odors with optional Odortec™ packets.

Specifications
